design

design matters

department of design postgraduate research seminars 2013 - 2014

design matters seminars take place on wednesdays in room 1, 14 laurie grove (lg)

seminars not in bold are part of the data practices seminar series. although not part of the design matters series, postgraduate research students in design are recommended to attend these seminars. data practices seminars will be held in the richard hoggart building (rhb). room numbers are indicated below. for further information about the data practices seminars please refer to the seperate poster.

autumn term 2013

october 23rd	**16:00 – 18:00**	**pechakucha(ish)**	**1, 14 lg**	**doctoral research topic presentations**
november 13th	**16:00 – 18:00**	**outputs, dissemination & accountability in design research**	**1, 14 lg**	**roundtable discussion**
november 27th	16:00 – 18:00	series introduction: a "thing to talk with"	rhb143	series organisers
december 4th	16:00 – 18:00	materialising, practicing & contesting environmental data	rhb137	citizen sense Lab (Goldsmiths)
december 11th	**16:00 – 18:00**	**research biographies**	**1, 14 lg**	**invited guest speaker (tbc)**

spring term 2014

january 22nd	16:00 – 18:00	through thick & thin: data as source & resource	rhb137a	interaction research studio (goldsmiths) & noortje marres (goldsmiths)
january 28th	16:00 – 18:00	the practices of citizen science	rhb137	jerry ravetz (insis, university of oxford) & dan mcquillan (goldsmiths)
february 5th	16:00 – 18:00	dresses & data: methods for making archival materials matter	rhb137	kat jungnickel (goldsmiths)
february 12th	**16:00 – 18:00**	**critical issues in practice-based research**	**1, 14 lg**	**roundtable discussion**
february 19th	14:00 – 17:00	big data practices	rhb137a	panel from the journal editorial team, big data & society, sage
march 5th	**16:00 – 18:00**	**tbc**	**1, 14 lg**	**tbc**
march 12th	16:00 – 18:00	machines of the code-sharing commons, a mid-way report on a slightly large scale analysis of software repositories	rhb143	matt fuller (goldsmiths)
march 19th	16:00 – 18:00	mapping participation	rhb137	chris kelty (university of california, los angeles)
march 26th	**16:00 – 18:00**	**the viva experience & beyond**	**1, 14 lg**	**reflections of a recent doctoral graduate (tbc)**
april 2nd	16:00 – 18:00	data collaboratories: gleaners, heroes & packers	rhb137a	adrian mackenzie (lancaster university) & ruth mcnally (anglia ruskin university)
april 30th	16:00 – 18:00	what was visual data?	rhb137a	isaac marrero-guillamon & michael guggenheim (goldsmiths)
23rd may	16:00 – 18:00	database imaginary: from deep sea to flat file and back	rhb137a	tahani nadim (zoological museum, berlin)

Goldsmiths
UNIVERSITY OF LONDON
